

Office of the Dean of Instruction

Final Exam Schedule & Guidelines Fall 2023

Effective Date: August 17, 2023 Revised Date: August 16, 2023

Purpose

Louisiana Delta Community College utilizes a wide variety of instructional methods for Fall 2023 courses. Traditional on-site instructional methods along with hybridized virtual attendance courses, synchronous online, and web-based asynchronous online courses are employed. To accommodate the variety of course delivery methods, final exams will be administered throughout the last two weeks of the term. The final examination guidelines and the Final Exam Schedule are intended to provide flexibility for students and faculty while minimizing course conflicts.

Scope

Entire college community and all campus locations

Guidelines

- All final exams must be completed no later than Friday December 1, 2023.
- Science laboratory final exams will be scheduled for the last regularly scheduled meeting period November 20-22. If the instructor deems it necessary to postpone a final exam due date, the exam may be scheduled for a later date through Friday December 1 (last day of the fall 2023 term). However, caution should be exercised by the instructor to minimize conflict with other scheduled examinations.
- Developmental education (ENGL 095/099 and MATH 095/099) final exams will be scheduled, at the earliest opportunity, on the last day of regularly scheduled instruction during the days of November 20-22. If the instructor deems it necessary to postpone a final exam due date, the exam may be scheduled for a later date through Friday December 1 (last day of the fall 2023 term). However, caution should be exercised by the instructor to minimize conflict with other scheduled examinations.

COURAGE. ATTITUDE. KNOWLEDGE.

Office of the Dean of Instruction

- FRST 100 (Freshman Studies Seminar) and ORNT 1000 (Freshman Seminar) final exams will be scheduled, at the earliest opportunity, on the last day of regularly scheduled instruction during the days of November 20-22. If the instructor deems it necessary to postpone a final exam due date, the exam may be scheduled for a later date up through Friday December 1 (last day of the fall 2023 term).
- For web-based final exams administered electronically, instructors should provide students <u>with a minimum of three days</u> (72 hours) to access and complete their final exam.

All other on-campus and online credit-bearing course final exams will be administered as indicated by the Fall 2023 Final Exam Schedule. Any deviation from the schedule must be authorized by the instructor and approved by the appropriate academic supervisor.

Frank D Boone, MS Dean of Instruction
