Department: Security

PURPOSE

Louisiana Delta Community College recognizes the importance of immediate notifications in a time of emergency to help reduce the risk of injury to our campus community. LDCC utilizes many tools to provide these notifications including local television, radio, text messaging, emails and the www.ladelta.edu website. BlackBoard Connect assists in providing the avenue for many of these notifications as well as other early warnings including school closures, weather emergencies, and any other emergency on or near one of our campuses.

SCOPE

Entire College community.

POLICY

It is the policy of LDCC to keep the campus community informed of serious incidents. Working in conjunction with other college departments, the Police Department will issue Safety Alerts in a timely manner to the campus community about crimes in and around the campus. When the department receives information that a violent crime against a person or a serious threat to property has occurred or is imminent, a Safety Alert will be sent out using BlackBoard Connect.
